DETAILED ACTION

Allowable Subject Matter

Claims 11, 12, are 14-31 allowed.

The following is an examiner's statement of reasons for allowance:

Claims 28-31, are allowed for the reasons indicated in the Office action dated 3/2/2007.

Regarding claims 11, 12, and 14-27, prior art does not teach or suggest, in combination with the other claimed limitations, providing an aperture in the semiconductor/germanium layer for each of the plurality of transistors. Cheng et al., the closest prior art of record, teaches forming a device layer on top of the semiconductor/germanium layer. It would therefore not be reasonable to combine other relevant prior art with the teachings of Cheng et al. to arrive at the invention as claimed by Applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
